

90 steps to eternity

Words & Music: Matteo Villa (c) 2012

[Verse]

Mine is the passion That never dies
Mine is the reason To tumble that dice
To me and nothing, and nothing else Whatever it takes
Truly is the obsession That never leaves
Truly is the vision To run over ice
To me and nothing, and nothing else Whatever it takes

[Chorus]

Never change the future (Being) gentle to me
Respect the tradition It's just you and me
Never change the future (Being) gentle to me
Respect the tradition
It's just that you, you and me

[Verse]

To me is that great Because I feel great
To me and not you When you do not feel
For mine is the reason, like having it for me for sure it is

[Verse]

Mine is the joy For the time to come
Just climb high and down And count 90 steps
From here to heaven Walk that way by myself
To gain my redemption
